

Members

Study Group Leader – @Chromilo Amin (Chromilo Amin) - Enterprise IT Cloud Architect - Vancouver, Canada

Contributions: POC (primary point of contact) and will be responsible for making sure the group is working towards their goals and will provide brief updates to Grace & Palak.

Hosted some weekly meetups, put together a study group charter, meeting minutes, Udacity optional project grading initiative, Philippine flag status icon initiative, posted photos of food, places, and fitness to boost social interaction in slack channel.

Study Group Participants

@Cris (Cristine Barao) - Business Analyst at Barclays - Mediator between business and tech - UK

Contributions: Attended the first meetup. A Study Group Presenter on Mar 13, 2021 to the rest of the slack of community showing how great our #sg_pinoi_and_pin_ai group is. Active participation in the slack group channel adding emojis to posts, and helping find available time slot for our regular meetup with a webapp that @Dana Kathleen Redefña found.

@Carlomigs (Carlo Miguel Gonzalez) - Senior Business Analyst - Philippines

Contributions: Active participation in the slack group channel adding emojis to posts, posting courses to take, and even included a video of him running on a treadmill with software tracking his moves.

@Jo pad (Jojo Padlan) - Blockchain Developer (student) at Eat The Blocks PRO - Brisbane, Australia

Contributions: Active participation in the slack group channel adding emojis to posts, interacting in threads, posting free/cheap courses to take especially Blockchain courses, and even included a video of him around lovely tourist spots in Langley.

@Jen Gamboa (Jen Gamboa) - E-Learning Designer - Australia

Contributions: Joined a weekly meetup to chat about programs and initiatives.

@Carlo_Romero (Carlo Romero) - STEM for Kids Advocate. Beginner Cyclist. Data Visualization Enthusiast

Contributions: Active participation in the slack group channel adding emojis to posts, and even included a photo of one of his students (or his son) using Python on his computer to solve his homework.

@Dana Kathleen Redeña - Data Scientist at BeautyMnl - Philippines

Contributions: Active participation in the slack group channel adding emojis to posts. She found a webapp we could all use to input available meeting times for our weekly meetup. Cris, Chromilo, and Dana used the webapp.

@Jimson Sulit - AI Track (Data Scientist)

Contributions: Provided early encouragement to group members.
