

Members

Study Group Leader – @Chromilo Amin (Chromilo Amin) - Enterprise IT Cloud Architect - Vancouver

Contributions: POC (primary point of contact) and will be responsible for making sure the group is working towards their goals and will provide brief updates to Grace & Palak.

Hosted weekly meetups, put together a study group charter, meeting minutes, Udacity optional project grading initiative (with @Jillian David and @T-Rex), 1-hour foundations course review just for this study group during Study Jam 1.0, posted photos of food, places, and fitness to boost social interaction in slack channel.

Study Group Participants

@Barry Pratt (Barry Pratt) - Business Process Re-engineering and Consulting - Toronto

Contributions: Study Group Presenter on Mar 13, 2021 to the rest of the slack of community showing how great our #sg_canada group is. Active participation in the slack group channel adding emojis to posts, contributing to discussions on schools, course work, climate, etc. Attended many of our weekly meetups and took part in our initiative to celebrate previous week's work and be accountable for upcoming week activities.

@Nibz Ka (Nibu Scaria Kurian) - Analyst - Toronto

Contributions: Attended many of our weekly meetups, actively made posts to the study group channel, shared linked resources, and very social in interactions.

@Migan (Migan Megardichian) - Lawyer - Toronto

Contributions: Attended our weekly meetup and socialized a webinar she is hosting at Toronto Public library. Some participation in the slack group channel adding emojis to posts.

@Christina Loiacono - Career transition to AI - New York

Contributions: Attended our weekly meetup and an active participant in the study group slack group contributing to threads, adding emojis to posts, and sharing resources to keep in touch with each other at the end of the Udacity challenge. Our other honorary-Canadian, great at solving and winning games.

@Francis Tshibangu (Francis Tshibangu) - ERP Coordinator - Business Specialist chez Resolute Mining Company - Toronto

Contributions: Attended many of our weekly meetups and contributed to posts in the channel. Took part in the weekly initiatives to keep each other accountable by completing/celebrating what was promised from the previous week and listing some actions for the upcoming week.

@Lucas Arneiro (Lucas Arneiro Vieira) - AI | IoT | 3D Printing | Green Belt | Mechatronics Engineer - Brazil

Contributions: Attended many of our weekly meetups, participated in our meeting goal of celebrating previous week's progress and promised to advance on something new for the upcoming week. Made numerous posts in the channel. Our honorary Canadian-hopeful in the group, looking at Universities and employment situations here.

@Andres Monsalvo (Andres Monsalvo) - Mechanical Engineer / Software Developer - Calgary

Contributions: Attended our first weekly meetup including the very first one setup by Alexandre Banh.

@T-Rex (Rex Cheng) - Founder at Ag IoT Technology - Prince Edward Island

Contributions: Attended two of our weekly meetup. Exchanged project 3 capstone for peer-grading with Chromilo.

@Jillian David (Jillian David) - Innovator / Traveller / ProudMom / Fulltime worker - Toronto

Contributions: Attended our weekly meetup. Exchanged project 1 Appen for peer-grading with Chromilo.

@Amir A. Khanlou (Amir Khanlou) - Technology Design and Data Analysis Functional Lead at Genesis Advanced Technology - Burnaby

Contributions: He shared some links to resources and an AI/Data Science meetup for others to join, which Barry and Chromilo did at one point attend. An active participant in this study group slack channel giving advice and feedback on posts.

@Alberto M. (Alberto Mangones) - Manager, Insights and Analytics - Oshawa, Ontario

Contributions: Active participation in this study group slack channel, responding to posts from members and sharing links resources.
